

Vital parts (collector) storage guide: storage of vital parts at a separate address to meet the requirements of section 33A of the Arms Act 1983

Legend

-  Collector with P endorsement
-  Licence Holder
-  Non licence holding close family member
-  Vital Part – a part that renders the firearms inoperable
-  Prohibited Firearms and magazines
-  Police approved vital part storage
-  Restricted or prohibited firearms security
-  A-Cat firearms security

Option 1

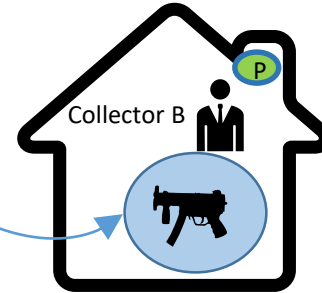

Storing vital parts in another collector's safe or strong room, who:

- Holds a P endorsement for prohibited firearms or magazines, AND
- Does not have firearms that fit the vital parts being stored.

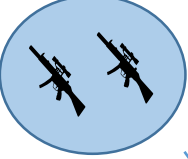

ALL vital part storage has to be approved by NZ Police.

This has to be a property which is separate to the first P endorsed collector's property.

Option 2

Storing vital parts in a separate safe with a licence holder, who:

- Does not hold a P endorsement for prohibited firearms or magazines, AND
- Does not have access to the contents of the separate safe.

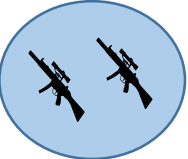

ALL vital part storage has to be approved by NZ Police.

This has to be a property which is separate to the P endorsed collector's property.

Option 3

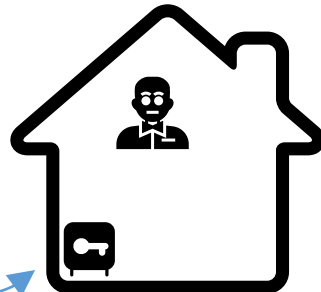

Storing vital parts in a separate safe with a close family member, who:

- Does not hold a firearms licence, AND
- Does not have access to the contents of the safe.

ALL vital part storage has to be approved by NZ Police.

This has to be a property which is separate to the P endorsed collector's property.

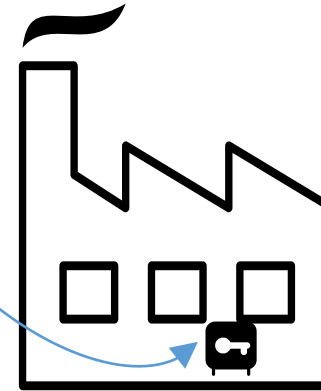

Storing vital parts in a separate safe at work or business premises, where:

- The premise/business owner has give their approval, AND
- No one other than the endorsement holder has access to the contents of the safe.

ALL vital part storage has to be approved by NZ Police.

This has to be a property which is separate to the P endorsed collector's property.

Option 4
