Firearms Registry

We've had more than 63,000 firearms and firearms parts registered by over 12,000 firearms licence holders.

Remember, the first time you have an activating circumstance you are required to record all arms items in your possession and check your firearms licence holder details are complete and up to date.

If you are unsure what to do, check out our [website](#) or give our helpful Registry team a call on 0800 844 431.

Updated Mail Order or Internet Sales forms and Permit to Possess forms

The [Mail Order or Internet Sales forms](#) and [Permit to Possess forms](#) have been updated on our website.

These forms now require applicants to provide details on the arms type and magazine where applicable, and individual firearms licence holders must include their version number if they have one.
